

EASYB organizes since 2008 European conferences and local seminars across Europe, dedicated to the pharmaceutical sector: clinical research, pharmacovigilance, statistics, epidemiology.

## Why EASYB?

Our seminars have a strong scientific content, guaranteed by an independent scientific board for each of them. This is what guarantees the quality and seniority of participants, which in turns allows to valuable learning and networking. Our sponsorship packages range from € 1.500 to € 6.000. Please ask us detailed events leaflets for more information on topics, audience and sponsorship package

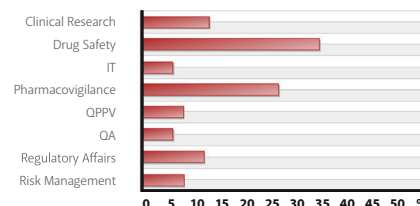

## Pharmacovigilance Day

Pharmacovigilance Day brings together safety experts from the pharmaceutical and healthcare industry: pharma and medical devices companies, biotech, government agencies, academic research. The aim is to discuss themes of great relevance around Drug Safety and Pharmacovigilance environment.

## ePharma Day

The ePharma Day series is an initiative that aims to create events in various European countries to address the issue of New Technologies, which support and advance Clinical Research & Drug Development. The objective is to bring together people from different job roles to share common strategies and tools that can be applied across various business functions.

|                            |                   |                               |
